Eastern elevation; elevation of interior of portico with  
section of roof; plan of ceiling of portico; transverse  
section.
- 9            No 9, 1829 August 3  
Longitudinal section on line.
- 10           (Wanting)
- 11           No 11, 1829 August 3  
Section showing arrangement of carpentry.
- 12           (Wanting)
- 13           No 13 1830 March 1  
Stone moldings (full size).
- 14           (Wanting)
- 15           No 15, 1830 March 9  
Finishings (full size) for windows on the ground floor.
- 16           No 16, 1830 March 3  
Stone moldings of end windows (full size).
- 17           No 17, 1830 March 10  
Drawings of main entrance door.
- 18           (Wanting)
- 19           No 19, 1830 April 29  
Stone moldings of main entrance door (full size).
- 20           No 20, 1830 March 3  
Plan of on quarter Ionic Column showing flutes (full size).
- 21           No 21, 1830 March 3  
Plan of soffit of portico and stone moldings (full size)  
for pannel above main entrance door.
- 22           No 22, 1830 March 3  
Stone pilasters and truss of main entrance door.

- 23 No 22/1, 1830 March 3  
Profile of stone truss for main entrance door (full size).
- 24 No. 24, 1830 June 9  
Plaster finishings of hall (full size) and plan of one quarter of ceiling of hall.
- 25 No 25, 1830 June 9  
Plaster finishings (full size) for hall and ante room.
- 26 No 26, 1830 June 9  
Various finishings (full size) of the pathological museum.
- 27 No 27, 1830 June 9  
Finishings of windows of hall (full size).
- 28 No 28, 1830 June 9  
Various finishings (full size) for the pathological museum.
- 29 No 29, 1830 July 20  
Architrave and cornice of portico (full size).
- 30 No 30, 1830 July 20  
Raking moldings of pediment of portico (full size).
- 31 No 31, 1830 July 21  
Profile of Ionic pilaster capitals (full size).
- 32 No 32, 1830 July 21  
Trusses of roof over Barclaian Museum.
- 33 No 33, 1830 July 24  
Drawing of chimneys
- 34 No 34, 1830 August 26  
Plan and sections of Ionic capital (full size).
- 35 No 35, 1830 August 26  
Front elevation of Ionic capital (full size).
- 36 No 36, 1830 August 26  
Side elevation of Ionic capital.
- 37 No 37, 1830 September 15  
Inside finishings of ante room; outside elevation of window of principal staircase; outside elevation of window of ante room; cornice over window of hall.
- 38 No 38, 1830 September 20  
Entablature of pathological museum and cornice of committee room and corridor.
- 39 No 39, 1830 September 23  
Finishings of horizontal skylights of pathological Museum.
- 40 No 40, 1830 September 23  
Finishings of corridor (full size).
- 41 No 41, 1830 September 23  
Drawing of door between staircase and corridor.
- 42 [Wanting]

- 43            [Wanting]
- 44            No 44. 1830 September 29  
Plan of part of ceiling of pathological museum.
- 45            [Wanting]
- 46            No 46. 1830 October 26  
Profile of main cornice for Barclayian Museum.
- 47            No 47. 1830 October 26  
Plan of the ceiling of the Barclayian Museum.
- 48            No 48. 1830 October 27  
Drawing of skylights for pathological and Barclayian Museums.
- 49            No 49. 1830 November 1  
Longitudinal section of Barclayian Museum.
- 50            No 50. 1830 December 15  
Plan of part of pathological museum showing arrangement of cabinets.
- 51            No 51. 1830 December 15  
Longitudinal section of part of pathological museum, showing arrangement of cabinets and shelves.
- 52            No 52. 1830 December 29  
Finishings of staircases and repairing rooms of pathological museum.
- 53            No 53. 1831 January 11  
Cornice (full size) for ceilings of staircases and upper preparation rooms in the pathological museum.
- 54            No 54. 1831 January 31  
Transverse section showing eastern end of pathological museum.
- 55            [Wanting]
- 56            No 56. 1831 January 31  
Plan showing doorway between pathological and Barclayian Museums.
- 57            No 57. 1830 November 13  
Drawing of doors for hall and library.
- 58            No 58. 1831 February 28  
End elevation of steps of principal staircase (full size).
- 59            [Wanting]
- 60            No 60. 1831 March 30  
Plan and section of steps at main entrance door (full size).
- 61            No 61. 1831 March 31  
Profile of moldings (full size) for soffit and front of galleries of Barclayian and pathological Museum.
- 62            No 62. 1831 April 2  
Profile of main cornice below dome and of moldings of skylight of entrance hall (full size).

- 63 No 63. 1831 April 6  
Section of circular gallery of entrance hall (full size).
- 64 No 64. 1831 April 6  
Plan of part of soffit of gallery of Barclayian Museum.
- 65 No 65. 1831 April 6  
Drawing of skylight for entrance hall.
- 66 (Wanting)
- 67 No 67. 1831 April 6  
Soffit of gallery at the ends of the pathological museum.
- 68 No 68. 1831 April 12  
Outside elevation of main entrance door.
- 69 No 69. 1831 April 12  
Finishings of various doors (full size).
- 70 No 70. 1831 April 12  
Drawing of main entrance door with ports (full size)
- 71 No 71. 1831 April 13  
Profile of cornice of principal staircase and for impost  
of ground arches (full size).
- 72 No 72. 1831 April 16  
Plan and elevation of inside of window of principal staircase  
with profile of molded stone sill (full size).
- 73 No 73. 1831 April 23  
Drawing of truss for soffit of gallery of entrance hall  
(full size) with drawing of one quarter of the soffit of  
the gallery showing arrangement of sunk pannels.
- 74 (Wanting)
- 75 No 75. 1831 May 19  
Drawing of chimney piece for preparation rooms.
- 76 No 76. 1831 July 23  
Front elevation end ornament for pediment (full size)  
of principal front.
- 77 No 77. 1831 July 26  
Drawing of ornaments for pediment of portico.
- 78 No 78. 1831 July 26  
Front elevation of central ornament of pediment of portico  
(full size).
- 79 No 79. 1831 August 23  
Drawing of railing for gallery of museums and elevation  
of centre patera.
- 80 No 80. 1831 November 8  
Parts (full size) of truss for doors of hall.
- 81 No 81. 1831 November 12  
Drawing of chimney piece for committee room with plan of  
jamb (full size), elevation of part of shelf (full size) and  
soffit of end of shelf (full size).

- 82 No 82. 1831 November 12  
Drawing of chimney piece for hall with section of upper part of chimney piece with side elevation of truss (full size), elevation of bottom of truss (full size) plan of slip, jamb and pilaster (full size) and elevation of part of shelf (full size).
- 83 No 83. 1831 November 12  
Drawings of chimney piece of ante room showing elevation, section moldings of pilaster (full size), side elevation of capital pilaster (full size) and section of frieze (full size).
- 84 No 84. 1831 November 12  
Plan of ceiling of committee room.
- 85 No 85. 1831 November 12  
Moldings (full size) of oak lining with arrangement of pannets in committee room.
- 86 ~~[Wanting]~~
- 87 No 87. 1831 November 12  
Plaster moldings (full size) for committee room.
- 88 No 88. 1831 November 25  
Drawing of waiting room showing arrangement of oak panneling.
- 89 No 89. 1831 November 25  
Drawing of chimney piece for waiting room.
- 90 No 90. 1831 December 26  
Drawing of railing for gallery of entrance hall with parts (full size).
- 91 ~~[Wanting]~~
- 92 No 92. 1832 March 10  
Parts (full size) of railing in front of portico.
- 93 No 93. 1832 January 25  
Plan of railing and gateway and elevation and section of part of railing.
- 94 No 94. 1832 February 3  
Drawing of balusters for staircases of museum galleries.
- 95 No 95. 1832 February 8  
Elevation of curved portion of architrave above chimney piece of ante room (full size).
- 96 No 96. (1) 1832 February 20  
Front elevation of chair for hall of meeting.
- 97 No 97. (2) 1832 February 20  
Plan of seat of chair for hall of meeting (full size).
- 98 No 98. (3) 1832 February 20  
Elevation of front leg and part of back leg of chair for hall of meeting.

- 99 No 99. (4) 1832 February 20  
Front and side elevation of back leg of chair (full size)  
for hall of meeting.
- 100 No 100. (5) 1832 February 20  
Side elevation of back leg of chair for hall of meeting  
(full size).
- 101 No 101. n.d.  
Plan and section showing manner of enclosing skylights of  
pathological museum.
- 102 No 102. 1832 February 21  
Plaster moldings (full size) for skylights of pathological  
museum.
- 103 No 103. (6) 1832 February 21  
Elevation of table of hall of meeting and of student retiring  
room and waiting room.
- 104 No 104. (7) 1832 February 21  
Parts (full size) of table for hall of meeting.
- 105 No 105. (8) 1832 February 21  
Drawing of seat and front leg of ante room chair (full size)  
and on reverse side drawing of side elevation of back leg.
- 106 No 106. (9) 1832 February 23  
Parts of various tables (full size).
- 107 No 107. (10) 1832 February 23  
Plan of seat of chair for committee room and students  
waiting rooms and retiring rooms (full size).
- 108 No 108. (11) 1832 February 23  
Side elevation of back leg of chair for committee room and  
students waiting and retiring rooms.
- 109 No 109. (12) 1832 February 23  
Front elevation of seat and back of chair for committee room  
and students waiting and retiring rooms.
- 110 No 110. (13) 1832 February 23  
Front elevation of seat and front leg of chair for committee  
room and students waiting rooms and retiring rooms (full size).
- 111 No 111. (14) 1832 February 27  
Front elevation of table of committee room.
- 112 No 112. (15) 1832 February 27  
Front and end elevation of tables for ante room.
- 113 No 113. (16) 1832 February 27  
Parts (full size) of tables for ante room
- 114 [Wanting]
- 115 [Wanting]
- 116 [Wanting]

- 117 No 117. 1832 March 10  
Section of horizontal and raking cornice of pediment of gateway (full size).
- 118 No 118. 1832 March 10  
Profile of architrave and cornice of gateways (full size).
- 119 No 119. 1832 March 10  
Section of stone curb of railing and stone block of pier of lamp post (full size).
- 120 No 120. 1832 March 10  
Moldings of consol at side of gateways (full size).
- 121 **(Wanting)**
- 122 No 122. (17) 1832 March 23  
Elevation of back of ante room chair (full size).
- 123 No 123. 1832 March 16  
Pedestal for Dr Barclay's bust.
- 124 No 124. 1832 March 14  
Pedestal for elephant.
- 125 No 125. 1832 March 12  
Moldings (full size) for gateways.
- 126 No 126. (18) 1832 March 26  
Elbow for arm chairs of the committee room (full size).
- 127 No 127. 1832 April 14  
Elevation of half of patera for pedestals of gateways with section (full size).
- 128 No 128. 1832 April 14  
Side elevation of consols for gateways.
- 129 No 129. 1832 April 14  
Elevation of half of gate for gateways.
- 130 No 130. 1832 April 14  
Lower part of gate for gateways (full size).
- 131 No 131. 1832 April 14  
Elevation of lock rail and balusters of gate.
- 132 No 132. 1832 April 14  
Fanlight of gate for gateways (full size).
- 133 No 133. 1832 April 14  
Elevation of lamp posts and pier with parts (full size).
- 134 No 134. 1832 April 14  
Capital of pier and part of shaft of lamp post (full size).
- 135 **(Wanting)**
- 136 No 136. 1832 April 14  
Plan of tripod for pedestals (full size).
